

MADE THE NATURAL WAY

A natural, simple, warm material. Add peace and a tasteful harmony to design schemes with these pressed earths and a light, tactile texture that enhances natural colours. Pastel shades blend perfectly with marble, wood, brick and majolica in individual, intimate interiors.

INDIA'S NO.1 DESIGN HOUSE

Good

The Clay born tiles are intricately, carefully, and crafted with attention to detail. Beyond outer beauty lies your story, which needs to be told. Beyond the surface lies the desire to create an engaging aesthetic experience. Beyond physical space, beyond materials, lies an intimate journey that everyone can embark on at home. Seeking a unique personal experience that speaks about them.

GHR SURFACE WITH INTENSE MATERIAL REALISM.

Boffo is heralding a new era in the production of porcelain stoneware thanks to GHR surface, a highly innovative digital technology that offers a deep material quality, producing a three-dimensional effect on surfaces to accurately resemble the wood that inspired them. GHR surface technology permits perfect synchronisation between different applications and materials with extraordinarily realistic effects and depth of detail. The result is the fruit of investment and painstaking research, enhancing the three-dimensionality of the pressed mix; colours and textures synergistically harmonise and the surfaces acquire an authenticity perceptible to both touch and sight.
